About Us

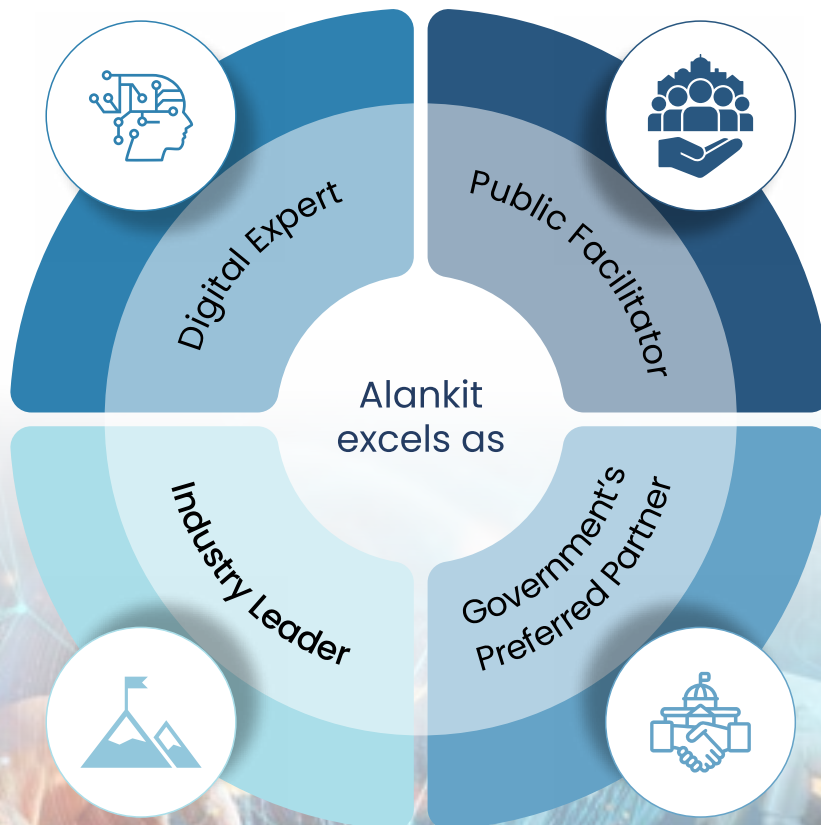

The value-based conglomerate – a pioneer, a frontier since 1995

Alankit is a well-diversified consortium of multiple group companies in the major verticals that straddle the entire FinTech sector as a host of Financial Services, RegTech, Channel Business, Managed Services, and Technology Solutions verticals.

Alankit Limited, the flagship company of the Group, prides itself on being a leading FinTech service provider in the country. Listed on the country's premier exchanges, the National Stock Exchange of India Limited (NSE) and Bombay Stock Exchange Limited (BSE), the Company has become an eminent name in the financial sector. To help customers develop and prosper in the

digital age, the Company fosters digital transformation by capitalising on contemporary core technology, utilising artificial intelligence, and automating business operations.

Alankit has retained the pace of progress without any compromise on our superior level of quality services by providing a single consolidated platform to all the conspicuous services for the ease of our clients while growing steadily in both the domestic and global market, having plans of further expansion to capture more cities in India as well as associate with more number of countries abroad.

METaverse

Our Vision

“To be a unique and quality service provider in the sectors we serve.”

Our Mission

“To become a customer-centric organisation with a focus on building trust by our unmatched standards.”

Our Philosophy

Alankit as an organisation is well institutionalized in terms of its guiding principles being inextricably linked to its services and brand image.

Customer Centric

Our competent team of experts constantly strives to make a positive difference in our customer's lives.

Trustworthy

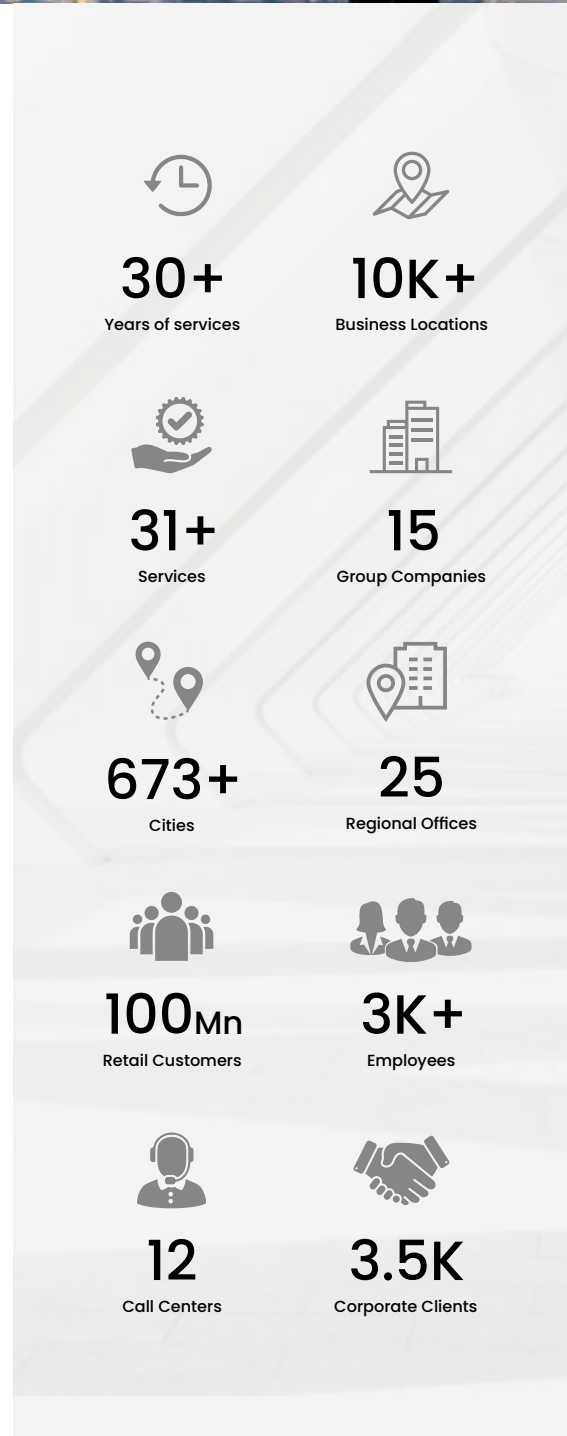

We uphold our client's trust in us with the utmost value to commitment, privacy, and transparency in all our activities.

Stewardship

To think on an advanced level, future-oriented and work to invest in a brighter & successful tomorrow.

Quality

To retain the pace of progress without any compromise on our superior level of quality services, aimed at delivering premium value to customers.

Our Services

Integrated information and impeccable services fuelled by digital growth to offer superior value, high standards of delivery, robust IT setup, and unmatched infrastructure, demonstrating real leadership – all together enriching the success story of Alankit.

we provide an award-winning call center suite equipped with smart, multi-modal, multi-functional, flexible, scalable, secure, and reliable cloud-based communication solutions to enhance customer experience and reduce operational costs.

Services Offered:

12 Call Centres Pan India

TECH SOLUTIONS

The background is a dark blue, almost black, space filled with a complex, glowing network of light blue lines and nodes. The lines form a grid-like structure that recedes into the distance, creating a sense of depth. Numerous small, bright blue dots are scattered throughout, some appearing as larger, more prominent nodes. The overall effect is that of a data center or a digital network, with a strong emphasis on technology and connectivity.

Smart Card Printer

In keeping with the significant demand in the system for plastic cards, Alankit, the National Distributor and Deemed OEM for IDP, provides instant printing solutions for plastic ID Cards. The Company strives to work efficiently by ensuring your data safety and error-free printing with the focused use of advanced technology with strong security authentication features and guaranteed time-bound supply.

Being certified as a Credential partner with MOSIP ensures that alankit provides a compliant device that ensures secure, reliable digital identity systems. In addition, it gives us access to the larger digital identity ecosystem.

 <p>Wi-Fi Enabled</p>	 <p>Microsoft Windows 7/8 /10, Mac OS, Linux Supported</p>
 <p>Compact and User-Friendly</p>	 <p>Instant ID Card Issuance</p>
 <p>Credential Partner of MOSIP</p>	 <p>Enhanced FINE™ Image Technology</p>

Cards Printed for Prestigious Projects

Middleware Software Platforms

Alankit creates bespoke middleware software for establishing relations between middleware with existing applications of different organisation and the domain, messaging, authentication, and API integration. In addition, we provide robust middleware application development services by centralising historical systems, databases, and current cloud or on-premise apps.

Regardless of the operating system, we create unique middleware software solutions to facilitate app development, web development, and API integration with additional home-grown application flexibility, usability, and interoperability. Furthermore, it is done to provide real-time communication with different domain applications.

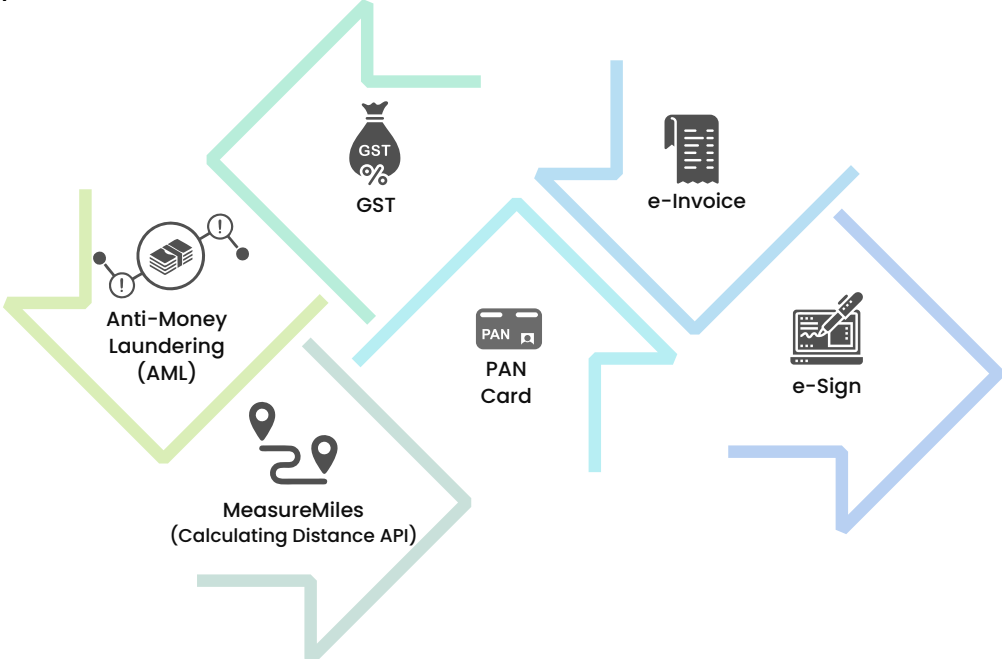

ID Card Software- ALSSEC-ID Features

- Bulk Printing
- Inventory Management
- Consolidated Report Generation

Middleware Solutions

Under the middleware solution, we provide complete API Solutions for Alankit and other related products, such as:

Verification Suite

Alankit has developed a 100% automated solution driven by intelligent software with user privacy in mind, while providing robust security and flexibility of integrations with the latest technologies, including “low code-no code” technology. It is flexible, easy to integrate, and ready to meet our clients' and customers' business needs and requirements.

The Company offers a frictionless approach that supports and strengthens digital verification processes for corporates and clients, including B2B and B2C business models. It uses a new digital identity service that has the ability to help verify clients in a timely and secure manner on behalf of the service provided.

Group Milestones

We believe in fortifying our abilities, building great associations, and establishing enduring trust across all business ecosystems along with unmovable integrity towards our strategic plans. The group has a vision of being standalone in the world and make a huge difference. Noteworthy milestones and a variety of achievements to ornate our journey of a 'well-defined vision' steered skillfully into practice make us the global player we are today.
